

**MOJO VARIO CORNER BARRIER, SILVER & BLACK**

Flexible Angles for Custom Barricade Layouts

**SKU:** N/A | **Categories:** [Crowd Control & Fencing Solutions](#), [MOJO Barriers](#)

## PRODUCT DESCRIPTION

The MOJO Vario Corner Barrier provides the ultimate flexibility for crowd control layouts at concerts, festivals, stadiums, and major events. With an adjustable range from **-60° to +60°**, this unit allows production teams to create smooth curves, catwalk enclosures, or secondary barrier lines — all while maintaining the strength and safety of a continuous MOJO barricade wall.

Available in **black or silver finishes**, the Vario Corner integrates seamlessly with MOJO Straight Barriers, Cable Entry units, and other system components, making it an essential part of any scalable crowd management setup.

### Key Features of the MOJO Vario Corner Barrier:

- **Adjustable Angles** – Precise range from -60° to +60° for custom layouts.
- **Dual Finish Options** – Choose discreet black for stage setups or classic silver for traditional venues.
- **Secure Interlocking Design** – Single-bolt nose-plug connection integrates seamlessly with other MOJO barriers.
- **Stable & Durable** – Divided base plate and welded aluminum frame handle heavy crowd pressure.
- **Safe for Staff & Guests** – Sloping, grooved floor plate reduces slip hazards and trip risks.
- **Lightweight for Transport** – Strong yet portable aluminum construction for fast deployment.

### Ideal Applications:

- **Concert Stages & Catwalks** – Build curves and enclosures with safe, pressure-tested barriers.
- **Festivals & Arenas** – Adapt layouts to unique stage designs and audience flows.
- **Stadium Events** – Define secondary barricade lines and create custom crowd zones.
- **Broadcast & TV Productions** – Black finish option blends discreetly into darkened sets.
