

CABLE COVERS

Protect cables and trip hazards while maintaining site aesthetics.

SKU: 1012214.00 | **Categories:** [Accessories](#), [Event Furniture](#)

PRODUCT DESCRIPTION

Cable Covers are essential for managing cables across walkways, traffic zones, and event flooring. They safeguard power, audio, and data lines while minimising tripping risk and preserving the look of your event space. Available in low-profile or ramp-style formats, they suit pedestrian and light-duty vehicle traffic.

Features of Cable Covers:

- Slip-resistant surface
- Low-profile or ramped options
- Modular and joinable design
- Easy to deploy & remove

Ideal Applications:

- Walkways & guest access paths
- Stage / FOH cable runs
- Temporary event flooring
- AV & production zones
