

## FLUORESCENT LIGHTS, 2FT - 4FT

Fluorescent Lights provide bright, even illumination for catering tents, prep zones, and back-of-house areas — ideal for functional lighting where clarity and efficiency matter.

**SKU:** N/A | **Categories:** [Event Furniture](#), [Lighting](#)

## PRODUCT DESCRIPTION

Available in 2 ft (600 mm) and 4 ft (1200 mm) lengths, these fluorescent lights deliver consistent, low-glare lighting suitable for event kitchens, storage spaces, and staff areas. Lightweight and energy-efficient, they ensure reliable visibility without excessive heat output.

Each unit offers broad light coverage, making it perfect for practical work environments where safety and functionality come first. Designed for temporary event use, they can be suspended, mounted, or positioned to suit a wide range of setups.

### Key Features of Fluorescent Lights:

- Available in 2 ft (600 mm) and 4 ft (1200 mm) lengths
- Low-glare, even illumination for work zones
- Energy-efficient and low heat output
- Lightweight, durable, and easy to install
- Ideal for catering tents, prep areas, and storage spaces
- Reliable performance for temporary event setups

### Ideal Applications:

- Catering tents and event kitchens
- Storage areas and equipment zones
- Back-of-house and staff workspaces
- Marquee interiors and service corridors
