

3M X 3M CANOPY MARQUEE

Compact, versatile, and weatherproof — the ideal shelter for markets, stalls, and small outdoor events.

SKU: 1012256.00 | **Categories:** [Canopies & Hi-Tops](#), [Marquees](#)

PRODUCT DESCRIPTION

The 3m x 3m Canopy Marquee offers dependable weather protection in a compact, easy-to-deploy design. With its flat-roof profile and sturdy aluminium frame, this marquee is ideal for markets, food vendors, registration areas, and community events needing fast, functional cover.

Lightweight yet durable, the Canopy Marquee can be installed on almost any surface using pegs or weights. Modular and engineer-certified, it connects seamlessly with additional units for extended layouts or coordinated event setups.

Key Features of 3m x 3m Canopy Marquee:

- Compact 3m x 3m footprint – perfect for stalls, catering & event pods
- Flat-roof canopy design – streamlined, functional, and easy to brand
- Fast installation – secure setup with pegs or weighted bases
- Optional walls – white canvas or clear PVC panels available
- Engineer certified – compliant with Australian event standards
- Modular system – connect multiple units for larger configurations

Ideal Applications:

- Market stalls, food vendors & ticket booths
- Event entry points & information stands
- Community fairs & fundraisers
- Small corporate activations or pop-ups
- Back-of-house or catering shelter
