

4.5M X 4.5M CANOPY MARQUEE

This canopy marquee combines strength, style, and flexibility — perfect for activations, exhibitions, and outdoor events needing a polished, weatherproof shelter.

SKU: 1012416.00 | **Categories:** [Canopies & Hi-Tops](#), [Marquees](#)

PRODUCT DESCRIPTION

The 4.5m x 4.5m Canopy Marquee offers the perfect balance between size, strength, and style — delivering reliable weather protection for a wide range of event applications. With its clean lines, flat canopy roof, and modular aluminium frame, this structure provides a professional, all-weather solution for activations, exhibitions, and hospitality zones.

Compact enough for efficient transport yet spacious enough for catering, product displays, or small group seating, the 4.5m x 4.5m Canopy Marquee is a go-to choice for both private functions and large-scale events. Designed for quick installation and engineer-certified to Australian Standards, it ensures safety and performance in all conditions.

Key Features of the 4.5m x 4.5m Canopy Marquee

- 4.5m x 4.5m footprint – ideal for medium-scale activations and vendor setups
- Flat canopy roof for clean, practical coverage
- Modular system – link multiple units for extended event layouts
- Pegged or weighted installation for use on any surface
- White or clear PVC walling options available
- Lightweight anodised aluminium frame for easy handling
- Fully engineer-certified to Australian Standards

Ideal Applications:

- Corporate Activations – branded event spaces or information booths
- Markets & Festivals – larger stall footprint for vendors or ticketing points
- Catering & Service Areas – sheltered zones for prep and serving
- Weddings & Private Events – elegant shade for small groups or cocktail spaces
- Community Events – reliable cover for public use and temporary shelters
