

10M CLEARSPAN STRUCTURE

The 10m Clearspan Structure offers a wide, flexible marquee solution for festivals, corporate events, and weddings—ideal for medium to large-scale gatherings.

SKU: N/A | **Categories:** [Clearspan Marquees](#), [Marquees](#)

PRODUCT DESCRIPTION

The 10m Clearspan Structure delivers a premium, large-format marquee solution for festivals, weddings, exhibitions, and corporate events. Combining strength, versatility, and a professional finish, it provides a wide, open interior ideal for seating, staging, displays, or large-scale guest areas.

Featuring a 10m clearspan frame with modular 5m bay extensions, this structure can be configured to almost any length, offering full flexibility for site layouts. The pole-free interior maximises usable space and ensures clear sightlines for guests and event operations alike.

Choose between canvas or clear PVC roofing, along with canvas or clear side walls, to achieve the perfect balance of light, protection, and presentation. Optional clear gable sets further enhance natural light and visual openness, while portal brace frames provide additional strength for high-wind or long-span installations. For increased clearance, 3m extension legs are available to elevate the eave height, allowing for larger entry points, staging setups, or tall equipment.

Built and installed by qualified crews and Registered Building Practitioners, the 10m Clearspan Structure is fully engineer-certified to Australian standards, making it a trusted choice for high-capacity events nationwide.

Key Features of the 10m Clearspan Structure:

- 10m span width with modular 5m bay extensions
- Canvas or clear PVC roofing options
- Side wall options: canvas or clear PVC panels
- Clear gable sets available for natural light and visibility
- Portal brace frame for enhanced strength and stability
- 3m extension legs for increased eave height
- Pole-free clearspan design – full, unobstructed interior space
- Flexible installation on grass, concrete, or raised platforms

Ideal Applications:

- **Corporate Exhibitions & Trade Shows** – premium, scalable presentation space
- **Weddings & Receptions** – elegant, open-plan marquee with custom styling options
- **Festivals & Concerts** – ideal for catering halls, bars, or entertainment areas
- **Community & Sporting Events** – robust, weather-resistant shelter for larger crowds
