SUPA- TRAC

Heavy Duty Event Flooring and Roadway System

Supa-Trac is uniquely durable yet lightweight, making it the ideal decking solution for events, tents, or anywhere that heavy foot traffic and equipment will travel. Panels allow light, air, and water to reach the turf, keeping grass alive while protecting turf from being trampled by pedestrians or vehicles. Supa-Trac is suitable for natural and synthetic turf, indoors or out. Supa-Trac is the most widely recognized design for temporary coverage solutions from pedestrian access to car parking, military shelters, and helipads.

APPLICATIONS:

- Short or long term use
- Event use
- Military
- Stage Bases
- Temporary Parking

SPECIFICATIONS:

- Panel Size 915 x 226 x 34mm (L x W x H)
